This aluminum profile is specifically designed for illuminating large format textile printing. With a smart design with multi-channel profile is this frame suitable for wall mounting as well as for standing and hanging solutions. Combined with our High PowerLED modules perfect wall light arises.

- Suitable for textile printing silicone strip
- Suitable for High PowerLED module
- Stabilizers for optimum reinforcement

- Various accessories for wallmounting, standing or hanging
- Disassembled transport possible, any size possible

FK-0200
Each frame is delivered with 4 locksets heavy.

FK-0410

These wallmounts can be placed under the frame to hang the frame on the wall.

FK-0500

If the length of the frame is longer than 4 meters, an extension set (FK- 0500) is included.

These extension sets can be placed in the channels where the frame is cut in half.

FK-0220

When connecting the stabilizer, first place the lockset in the channel.

Then put the stabilizer (NF- 04438) on the lockset, now tighten the screw with the delivered allen key.
